

## 2011 HOLIDAY SCHEDULE

Holiday times are busy, family times. We, at AMGPR, value our families and appreciate the support they give us throughout the year. To honor our families we will be “shutting down” for the holiday season. This includes the time from Thanksgiving week through the New Year. For 2011 those dates are November 20, 2011 – January 7, 2012.

What this means for you as a(n):

### ADOPTER

Anyone approved prior to Thanksgiving week can adopt as planned, provided we have a match for your family. No pets will be adopted out as “gifts”. Understand that if you’re interested in a pig(s) from a foster home, appointments will need to be made around their schedule as well. Please be patient during this process, as foster homes have holiday plans too.

Any applications sent in during this time period will not be reviewed until after the New Year.

### SURRENDERS

No pigs will be taken in during the time between Thanksgiving week and New Year’s. No exceptions.

### BOARDER

Please schedule boarding early, as space is very limited. The week of Thanksgiving is already booked. If you need care for your guinea pigs during this time please check with [www.frolic-atl.com](http://www.frolic-atl.com) to check their availability.

### CASUAL INQUIRER

While every effort will be made to get back with you on a timely basis, please remember this is our “vacation” period. Emails will be returned before phone calls, as they can be done at odd hours. If you have a medical emergency question please visit [www.guinealynx.info](http://www.guinealynx.info) and, as always, seek veterinary care as soon as possible.
